Detailed Algorithm for Place Recommendation

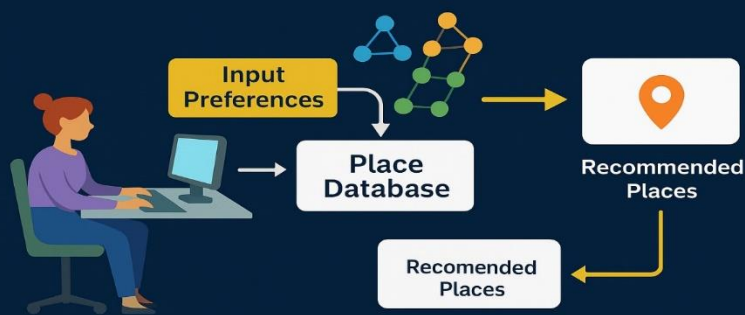

Travel Route Suggestion Based on Pattern of Travel and Difficulties

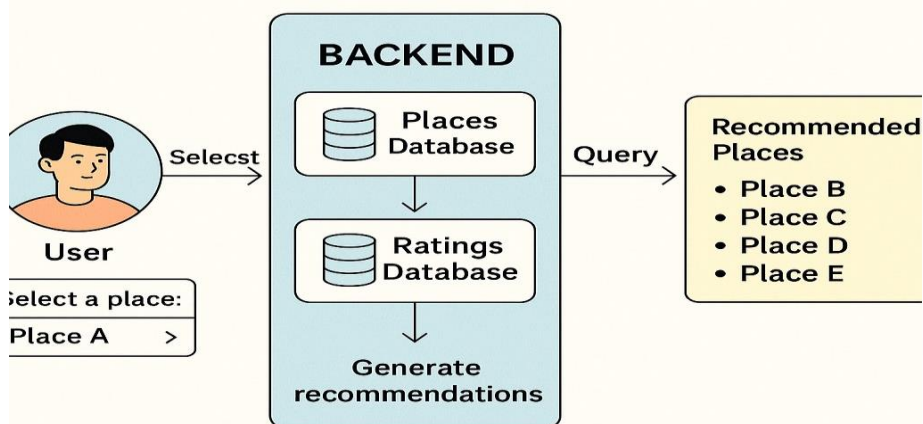

Future Scope

- Integrate real-time traffic and weather data
- ☁ Add map visualization using Google Maps API
- 📱 Develop a mobile application
- 🏠 Include recommendations for hotels and restaurants

Recommendation System

Place Recommendation System

Travel Recommendation System

Select a place:

Botanical Garden in Kolkata

Recommended Places:

	Shalimar Station	2.7 km
	Indoor Stadium	2.8 km
